

*The Turning Point*  
*in Rudolf Steiner's Life*  
*A talk given in honor of his death day,*  
*by Rev. Patrick Kennedy*

**March 30, 2022, at 7:30 p.m. EDT**

At the turn of the 20th century, Rudolf Steiner had an experience that changed his life forever and would form the heart of his extraordinarily productive and creative service to humanity in the 25 years that followed. As a meditative spiritual researcher into the nature and reality of the human self, Rudolf Steiner broke through to an experience of another being, a being known in history as Jesus Christ. It will be the task of this talk to bring to mind this powerful event on the anniversary of his death in 1925.

A talk given via zoom by Rev. Patrick Kennedy, Director of The Seminary of the Christian Community of North America, and as a member of the School for Spiritual Science, committed to representing Anthroposophy in the world.

**RSVP** to the Link below by March 29.
