Fire of the Heart: Renewing Religion in the 21st Century

July 6-9 in Viroqua, WI

The Christian Community Movement for Religious Renewal is now 100 years old. What is the future of this movement in North America? We invite you to the heartland of the region, the Midwest, to bring your real, deep questions, longings of the heart, and earnest striving. The heart is a center between the head and hands, which balances thinking and willing. What is burning in your heart?
